On behalf of the organizing committee, I would like to invite you to participate in the 8th Asia-Pacific EPR/ESR Symposium (APES 2012) which will be held in October 11-15, 2012 at Tsinghua Science Park in Beijing, China. Now APES comes back to China again. This implies that APES 2012 will be a new start for Asia-Pacific EPR/ESR Society.

APES 2012 is intended to stimulate discussions on the forefront of research in all aspects of EPR/ESR ranging from theoretical and experimental advances in CW EPR/ESR, pulsed EPR, high frequency and high field EPR, ENDOR, time resolved EPR, FMR, EPRI, CIDEP and ODMR to applications in medicine, biology, chemistry, materials science and nanotechnology.

APES 2012 will be an excellent place for exchanging scientific ideas with strong friendship among the participants from Asia-Pacific region as well as other parts of the world. We sincerely hope that the scope of the symposium will serve the interest of the scientific community, as well as the industry and the general public. I wish to extend my welcome to all participants and sponsors of the event.

We are looking forward to meeting you in Beijing in 2012.
